

The river

Song

This is the way the hippo swims
Hippo swims, hippo swims
This is the way the hippo swims
All along the river.

This is the way the crocodile snaps
Crocodile snaps, crocodile snaps
This is the way the crocodile snaps
Be careful in the river.

This is the way the frogs all jump
Frogs all jump, frogs all jump
This is the way the frogs all jump
Right into the river.

This is the way the cobra moves
Cobra moves, cobra moves
This is the way the cobra moves
Moving by the river.

This is the way the animals bite
The animals bite, the animals bite
This is the way the animals bite
Be careful in the river.
