

Jack's sack

I have a little robot and his name is Jack.
His favourite game is 'What's in the sack?'
He pulls out an object and gives us the sound.
We put them all together and we tell him what he found.

J-a-ck Jack! J-a-ck Jack!
What is in your s-a-ck sack, s-a-ck sack?
Won't you come and tell us what is in your sack, Jack?

I have a little robot and his name is Jack.
His favourite game is 'What's in the sack?'
He pulls out an object and gives us the sound.
We put them all together and we tell him what he found.

J-a-ck Jack! J-a-ck Jack!
What is in your s-a-ck sack, s-a-ck sack?
Won't you come and tell us what is in your sack, Jack?

I have a little robot and his name is Jack.
His favourite game is 'What's in the sack?'
He pulls out an object and gives us the sound.
We put them all together and we tell him what he found.

J-a-ck Jack! J-a-ck Jack!
What is in your s-a-ck sack, s-a-ck sack?
Won't you come and tell us what is in your sack, Jack?

And that's what's in my sack, Jack!
