

How to build a robot buddy - ANSWERS

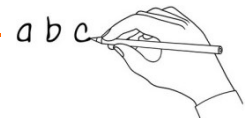

1. Match them up!

Match the words with the definitions.

a buddy	→	A friend
secret	→	Other people don't know about it
a tissue box	→	A cardboard box that has tissues in it
an egg carton	→	A cardboard box that we keep eggs in
a lid	→	A cover, for example on a bottle or box, that we can open
foil	→	Metal which is very, very thin, like a piece of paper
to stick	→	To join together with glue
to slide	→	To push something gently so it moves easily

2. Where does it go?

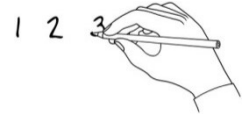

Watch the video. Write these words in the correct group.

egg cartons	milk bottles	a tissue box	tissues
eggs	cardboard tubes	sticky tape	paper plates

things we need	things we don't need
egg cartons a tissue box cardboard tubes sticky tape	milk bottles tissues eggs paper plates

3. What's the order?

Watch the video and put the sentences in order.

5	Glue the ends of the foil to the inside of the milk bottle lids.
7	Stick on some folded card for the arms.
1	Stick card over the hole in the tissue box to make the door.
4	Roll a big piece of foil into a sausage shape and bend it.
6	Slide the eyes into the cardboard tubes.
2	Stick the egg cartons on the sides of the tissue box.
8	Stick on some card for a control panel and a mouth.
3	Stick two cardboard tubes on top of the tissue box.

4. Write and draw!

Children make or imagine a robot buddy, then draw a picture and write about it.
